We have a damage control problem with Lifton. He is wrecking all of our work. Judy is totally in Lifton's corner, and just wrote an article praising Lifton's work. Please do not mention Lifton, but get across the back wound, front throat entry, pristine bullet - magic bullet theory/ fantasy, and movement of rear head entry.

Harry wrote this & handed it to me 11/16/81 when Chris Sullivan (Baltimore) of FPOS was interviewing me. What he says of Liddell is 100% wrong.
